PRODUCT DESCRIPTION:

A horse's digestive system is designed to digest fibres. It is therefore very important that a horse/pony is offered sufficient amounts of roughage daily, preferably unlimited. Unfortunately, not all horses have unlimited access to roughage. To make sure it is easier to add extra roughage to the ration, we have launched the HAVENS BRIX.

The HAVENS BRIX consists of compressed **alfalfa** and **mint**. A BRIX is a 1kg chunk that is easy to break into two pieces, making it easy to treat your horse or pony to **high-quality roughage**. In addition, it has never been easier to take a kilo of roughage with you on competitions! It takes up little space and, thanks to the addition of mint, many horses love it. If you give the HAVENS BRIX in the feeding bowl, a horse will have something to nibble on for a longer period of time. But you can also put the HAVENS BRIX on top of the concentrate to **prevent gobbling**. Thanks to its high protein content, it is an ideal product to upgrade the protein content of roughage. This also makes it very suitable for horses with a (temporarily) increased protein requirement, such as lactating mares.

- ✓ Free of **molasses, grains and grain by-products**
- ✓ Dried **mint leaves** for extra palatability
- ✓ Highly **digestible proteins** (16,5%) and essential amino acids
- ✓ **Compact** and easy-to-feed
- ✓ **Low sugar** (5,7%) and **starch** (3%); fits into a low-sugar diet
- ✓ As a **treat** or to **relieve boredom**

Low starch and sugar content

& high in protein!

NUTRIENT/KG

Crude protein	16.5 %	Starch	3.0 %
Crude fat	2.8 %	Calcium	1.3 %
Crude fibre	29.1 %	Phosphorus	0.3 %
Crude ash	8.9 %	Magnesium	0.3 %
Sugar	5.7 %		

Datasheet subject to change (May 2024)

Packaging: **14 pieces Brix**
Composition: Roughage

COMPOSITION:

Lucerne, Peppermint leaves

FEEDING ADVICE:

One HAVENS BRIX weighs about 1 kg and is easy to break into 2 pieces. As part of the daily ration, you can supplement 1 to 3 blocks of HAVENS BRIX per day due to its different calcium-to-phosphorus ratio. This is based on a 500 kg horse in light to moderate work. One bag of BRIX contains 14 blocks.

➤ **TIP: HAVENS BRIX are ideal for travelling and competitions!**
