Fibre Dice

PRODUCT DESCRIPTION:

A horse's digestive system is designed to digest fibres. It is therefore very important that a horse is offered enough roughage daily and that the quality of the roughage meets the horse's or pony's needs. Our recommendation is to always provide an unlimited amount of roughage. As the quality of current roughage is often variable and difficult to determine without analysis, we have launched HAVENS Fibre Dice with apple.

The HAVENS Fibre Dice with apple is a **healthy treat**, it has a steady high protein value combined with a **low sugar** content. The product consists of very tasty chunks of chopped **Timothy hay, alfalfa** and **dried apple pieces**. The extra large chunks ensure that a horse has to chew well and produce **extra saliva**. Ideal for upgrading or supplementing roughage rations and also suitable for all breeds. For (older) horses that have difficulty eating roughage, HAVENS Fibre Dice can be soaked in water before feeding. This also makes it ideal to feed in combination with **Slobber-Mash** or **Senior Crumbs**.

- ✓ Extra large chunks to provide more **structure** in feed, increases saliva production
- ✓ Free of **molasses, grains** and **grain by-products**
- ✓ Low in **sugar** (5%) and **starch** (1,5%); fits into a low-sugar diet
- ✓ Dried with hot air, free of **dust** and **mold**
- ✓ Very tasty, ideal for fussy feeders
- ✓ Also ideal for young horses to get them more in hand

Tasty extra

structure for chewing

NUTRIENT/KG

Crude Protein	13 %	Starch	1.5 %
Crude Fat	2.0 %	Calcium	10.8 %
Crude Fibre	30.0 %	Phosphorous	3.5 %
Crude Ash	9.0 %	Magnesium	0.2 %
Sugar	5.0 %		

Datasheet subject to change (May 2024)

Packaging: **17.5kg bags**

Composition: **Chunks**

COMPOSITION:

Dehydrated timothy grass 51%, dehydrated lucerne (alfalfa) 48%, dried apple pieces 1%

FEEDING ADVICE:

➤ To upgrade roughage intake: 1.5 to 2 kg of HAVENS Fibre Dice per 100 kg body weight.

HAVENS Fibre Dice can be fed **dry** or **soaked** in water (recommended for (old) horses that cannot chew properly due to decayed or missing teeth). If you mix HAVENS Fibre Dice with warm water, the soaking time will be shorter.

Tip: horse or pony with poor dental condition? Then feed HAVENS Fibre Dice in combination with the Senior Crumbs.
